- Sponsorship preparations are ongoing; Paul Prineas met with Terry from Sponsorship Ready to review our product.
- The 2026 calendar member survey indicates six AASA-only rounds: four at QR and two at MP. Our objective is to avoid overlap with other states and national meetings. Morgan Park have confirmed Arpril 17th-19th and September 4th-6th are their AASA race meetings and we will look to confirm our slot with them. We haven't heard from QR regarding 2026 dates.

5 GENERAL BUSSINESS

- Round 6
 - Currently scheduled for Morgan Park under MA. At the moment only 5 members are confirmed. Potentially 5 more to come. We require minimum 10 entries.
 - We have approached QR for QRDC 5 as an alternative if required
- Gala Dinner
 - Currently booked in for sat 15th November at The Normanby. They have increased their min spend to \$4000 which is double from last year.
 - We have approached another venue "Milton Common". They have the 15th November available. Their minimum spend is \$2500
 - All in favour to change to Milton Common. Still \$40 per adult. \$20 for kids
 - Raffle prizes to be collected
 - Raffle tickets to be \$5
 - Perpetual trophies need to be returned
 - We will Invite previous members to help celebrate 2025 plus the 50th anniversary of QSC.
- Target Scrutineering/AGM
 - We will look to book a garage at QR for target scrutineering, same as previous years. And use corporate room upstairs for agm. We will approach QR for a suitable date.
- Sponsorship

- We plan to extend invitations to this year's sponsors for participation in the coming year. Recommendations for potential sponsors or relevant contacts are welcomed.
- SNTC
 - We've been given another MA delegate. 4th in 2 years.
 - Rule book update has stalled a bit with MA due to them restructuring and delegates moving on.
- Morgan Park test day 30th October
 - The initial EOI survey distributed to members received limited support. A subsequent survey will be issued in the hope of attracting greater participation and enabling this to go ahead.
- The topic of "come and try" days was raised. We will contact QR and see what sort of options there are for this in the future.
- A discussion was had about splitting gear box and non-gear box karts up on race grids. Having a 3 or 4 grid gap between the two categories. This will potentially make for a safer start to the race.
